- ✓ Holders of a valid, uncanceled principal and/or additional card for the aforementioned card account are insured as part of the collective insurance agreement.
- ✓ The shopping insurance is valid for one year. Unless canceled, the policy is always implicitly extended by one month afterwards.

INSURANCE AGREEMENT

- ✓ I have carefully read and understood the enclosed General Terms and Conditions of Insurance and the information for persons insured under collective insurance. I accept them without reservation, specifically with regards to the sharing of data (section III., point 11 in the General Terms and Conditions of Insurance).
- ✓ The monthly premium will be debited directly from my card account.
- ✓ The insurance coverage can be purchased as secondary card benefit. The card issuer brokers applications for the collective insurance agreement between the card issuer and insurer, which are only offered to principal cardholders. In addition, it deals with any administrative work associated with processing the insurance coverage (e.g. managing agreements, collecting premiums, claims administration, statistics). The card issuer is compensated by the insurer for resulting personnel, technical (e.g. IT infrastructure) and any other expenses associated with the brokerage and processing of insurance coverage. The compensation is in line with the usual market remuneration for the provided services.
- ✓ I acknowledge the card issuer's claim to this remuneration paid by the insurer.
